

One Health EJP End Symposium COHESIVE

Hybrid meeting: virtual & live in Bilthoven, The Netherlands

8 - 10TH NOVEMBER 2021

COHESIVE stands for One Health Structures in Europe and aims at strengthening/improving (structured) collaboration between the human, veterinary, food and environmental domain in the area of signalling, risk assessment and control of (emerging) zoonoses in and between European Member States including IT solutions to share information in databases and support tracing of (foodborne) outbreaks.

In this symposium we would like to share the results of the project by giving presentations, but also giving you more insight in the possibilities of the products in interactive workshops.

Draft program

CET

Monday

Sharing signals and information

- 09.00-09.30 Coffee and registration
- 09.30-09.45 Welcome
- 09.45-10.30 Introduction to COHESIVE
- 10.30-11.00 COHESIVE Information system WP4 (lecture)
- 11.00-11.30 *Break*
- 11.30-12.30 COHESIVE Information system WP4 (demonstration, also online)
- 12.30-13.30 *Lunch*
- 13.30-14.00 Low threshold sharing of signals cross countries WP3 (lecture)
- 14.00-14.30 Drivers of One Health by horizon scanning WP3 (lecture)
- 14.30-14.45 *Break*
- 14.45-15.30 Guidelines OH Risk analysis systems WP2 (lecture)
- 15.30-17.00 Guidelines OH Risk analysis systems WP2 (workshop, also online?)
- ~19.00 *Dinner together (Bilthoven)*

Tuesday

Response and barriers in OH collaboration

- 09.00-09.45 Formal and informal signalling pathways WP3 (lecture)
- 09.45-09.55 *Break*
- 09.55-10.45 Barriers in OH collaboration WP2 (workshop, also online?)
- 10.45-11.15 *Break*
- 11.15-12.00 Experiences of systems thinking workshops WP2 (lecture)
- 12.00-13.00 *Lunch*
- 13.00-14.00 Decision support tool to assist risk assessors WP2 (workshop, also online)

One Health EJP End Symposium COHESIVE

Hybrid meeting: virtual & live in Bilthoven, The Netherlands

8 - 10TH NOVEMBER 2021

14.00-14.10 *Break*
14.10- 15.30 Food chain lab tracing web portal WP4 (workshop, also online)
15.30- *Social program and dinner (around Utrecht)*

Wednesday **Looking into the future**

09.00-09.30 Retrospective analysis of Q fever by systems mapping WP3 (lecture)
09.30-10.00 Systematic cost-benefit analysis WP3 (lecture)
10.00-10.10 *Break*
10.10-11.30 Risk modelling WP4 (demonstration)
11.30-12.30 Risk modelling WP4 (hands on workshop, only live in Bilthoven)
12.30-13.30 *Lunch*
13.30-14.30 What is next?
14.30-15.00 Wrap-up, feedback and closure open part of the symposium
15.00-15.30 *Break*
15.30-16.15 Discussion general items COHESIVE (members COHESIVE only)
16.15- 17.00 Steering group meeting (WP and task leaders COHESIVE only)
